

National Inventors Hall of Fame®

Camp Invention® is returning to St. Elizabeth of the Trinity School!

In partnership with the National Inventors Hall of Fame® (NIHF), **St Elizabeth Trinity School** is pleased to offer the nationally acclaimed Camp Invention® program to children entering **K** through **6th** grade. This exciting, weeklong summer adventure provides opportunities for open-ended, hands-on exploration of science, technology, engineering and more! Rotating through a variety of exciting activities each day, children have fun collaborating with friends, thinking creatively and inventing their own solutions to real-world challenges.

The week begins on **July 25, 2022** with **Rebecca Gold** serving as Director. The all-new 2022 Explore program will thrill both new and returning campers with an expedition full of far-reaching explorations, fascinating discoveries and exhilarating “a-ha” moments!

During this dynamic, high-energy program, young innovators will:

- Dive into cutting-edge ocean research as they adopt their own robotic fish, design and patent aquatic plants, and take their fish friend home in a mini tank.
- Discover real space exploration technology when they create Spacepacks and AstroArm devices, mine an asteroid and observe erupting ice volcanoes.
- Combine science and art to build their own robotic artist, engage in design thinking, make spin art and learn how inventions can change the way people create.
- Experiment with the fun of physics, engineering and gaming as they design, build and test their own mega marble arcades.

Early registration discounts available! Register using SUM35 by 02/16 to save \$35 off the \$280 registration fee.
